

# Breast Cancer Treatment Road Map

1

## Breast Cancer Diagnosis

A cancer diagnosis can be a life-changing and overwhelming process. Your multidisciplinary team of experts will be with you every step of the way throughout your cancer journey.

2

## Meet Your Care Team

MemorialCare breast cancer navigators will help guide and support you and your family through this stressful time. You will also meet your dedicated radiologist.

3

## Breast MRI

If you have not had an MRI completed yet, your team will schedule this appointment. An MRI will help your cancer care team understand the extent of the diagnosis.

4

## Consultations

You will have consultations with surgical, radiation, and medical oncologists.

5

## Treatment Options

Your surgical team will assist in scheduling your procedure(s). Other recommended treatment options may include chemotherapy, targeted immuno-therapy, and/or hormone blockade.

6

## Survivorship

Our Survivorship Program offers supportive services and resources to guide you throughout treatment.
